Well no doubt you are in the harness again and pulling a good sized load. Howt is it going? I hope you have a smooth road and few deep "ruts and holes." However, it is these hard places in the road that test the strength and determine the value. We know you can pull pretty well and we are not worrying on that score.

How is bookkeeping progressing and when do you complete the subjects and get new schedules? We have our "mid-years" the last week in January.
